RECITALS

WHEREAS, in October of 2005, in order to meet Cascade's immediate and long-term water supply needs, Cascade purchased from Tacoma a supply of water both permanently and for a finite period of years pursuant to an "Agreement for the Sale of Wholesale Water," dated October 13, 2005 (the "2005 Water Supply Agreement");

WHEREAS, Tacoma has fulfilled certain obligations under the 2005 Water Supply Agreement by making investments in regional water supply infrastructure in order to stand ready, and has stood ready, to commence deliveries of wholesale water to Cascade pursuant to the 2005 Water Supply Agreement;

WHEREAS, Cascade has fulfilled certain obligations under the 2005 Water Supply Agreement by making significant capital payments for regional water supply capacity pursuant to the 2005 Water Supply Agreement;

WHEREAS, subsequent to entering into the 2005 Water Supply Agreement, regional municipal water supply conditions have changed such that Cascade now projects that it has sufficient water for at least the next 50 years without taking deliveries of wholesale water from Tacoma pursuant to the 2005 Water Supply Agreement;

WHEREAS, in 2012 Cascade converted to a municipal corporation under the Joint Municipal Utility Services Act, Chapter 39.106 RCW, from a non-profit formed under the Interlocal Cooperation Act;

WHEREAS, Cascade and Tacoma now desire for Tacoma to offer to sell a water supply directly to certain municipalities so as to establish certain regional wholesale supply roles and to provide Cascade a means of satisfying obligations that Cascade owes to such municipalities arising out of the Four Cities Agreement;

WHEREAS, Tacoma desires to be fairly compensated for regional investments made by Tacoma in reliance on Cascade's full and satisfactory performance of its obligations arising under the 2005 Water Supply Agreement;

WHEREAS, Cascade desires to be fairly compensated for significant capital payments for regional water supply capacity in reliance on Tacoma's full and satisfactory performance of its obligations arising under the 2005 Water Supply Agreement; and

WHEREAS, due to such changed circumstances and the foregoing considerations and other good and valuable consideration, and in furtherance of the mutual desire of the Parties to clarify certain ambiguities arising under the 2005 Water Supply Agreement, the Parties now desire to amend, replace, supersede and fully restate the 2005 Water Supply Agreement.

5.3 The wholesale water supply and service (if any) provided to a City pursuant to a Wholesale Water Supply Agreement shall be provided subject to and in compliance with the Wholesale Water Regulations.

6. Sale of 4 MGD Wholesale Water Supply to Four Cities

6.1 If and as requested by a City during the Subscription Period, Tacoma will sell, on a first come first served basis, such City all or a portion of the 4 MGD Wholesale Water Supply (less any amount of such 4 MGD Wholesale Water Supply as may have previously been sold to a City in accordance with this Section 6 (Sale of 4 MGD Wholesale Water Supply to Four Cities)). Tacoma will sell such wholesale water supply to such City on terms and conditions substantially in the form of the Wholesale Water Supply Agreement.

6.2 The System Development Charge for the 4 MGD Wholesale Water Supply has been paid by Cascade to Tacoma pursuant to Subsection 9.5 of the 2005 Water Supply Agreement. Any sale to a City of all or a portion of the 4 MGD Wholesale Water Supply in accordance with this Section 6 (Sale of 4 MGD Wholesale Water Supply to Four Cities) shall be deemed, as between Tacoma and Cascade, to effect an allocation of the System Development Charge previously paid by Cascade pursuant to Subsection 9.5 of the 2005 Water Supply Agreement. Therefore, any Wholesale Water Supply Agreement providing for the sale of all or any portion of the 4 MGD Wholesale Water Supply to a City shall include a System Development Charge Credit.

6.3 Any sale of all or any portion of the 4 MGD Wholesale Water Supply to a City pursuant this Section 6 (Sale of 4 MGD Wholesale Water Supply to Four Cities) shall be subject to the following requirements:

(a) any such offer shall include a Notice of Confirmation of System Development Charge Credit from Cascade;

(b) prior to submitting its offer to purchase, the City shall have obtained Tacoma's review and written approval, which approval shall not be unreasonably withheld or delayed, of the Wholesale Water Supply Agreement (including any proposed modifications thereof) pursuant to which such offer is to be made by the City to Tacoma;

(c) any such offer shall have been hand-delivered before the close of the Subscription Period to Tacoma, Attention: Water Superintendent, Tacoma Water, 3628 South 35th Street, Tacoma, WA 98409, and the City shall have obtained Tacoma's acknowledgment of the time and date of Tacoma's receipt of such offer; and

(d) any such offer shall have been submitted to Tacoma as duplicate executed originals of the Wholesale Water Supply Agreement, in strict conformity with the form of the Wholesale Water Supply Agreement approved by Tacoma in accordance with 6.3(b).

Tacoma may, in its sole discretion, reject any or all offers that do not fully comply with the requirements of this Subsection 6.3. Alternatively, Tacoma may, in its sole discretion, waive any and all defects in any offer and accept such offer on the terms and conditions submitted by a City.

6.4 Tacoma shall accept an offer from a City to purchase all or any portion of the 4 MGD Wholesale Water Supply that complies with the requirements of Subsection 6.3, subject to the following, as determined by Tacoma, in its sole discretion:

(a) the priority (determined by the date of receipt by Tacoma of fully compliant offers) of any other offer or offers submitted by a City that comply with the requirements of Subsection 6.3; and

(b) the availability (if any) of a portion of the 4 MGD Wholesale Water Supply for sale to a City, such available portion (if any) being net of prior sales of the 4 MGD Wholesale Water Supply to a City.

6.5 A City may, in accordance with Subsection 6.3, purchase all or a portion of the 4 MGD Wholesale Water Supply pursuant to a Wholesale Water Supply Agreement as a Peak Season wholesale water supply; provided, however, that any such sale:

(a) is subject to any peak day delivery limitation as Tacoma shall apply to such sales, from time to time, in accordance with the Wholesale Water Regulations; and

(b) is eligible for a prorated System Development Charge Credit of one-third (1/3) of the System Development Charge Credit otherwise available pursuant to Subsection 6.2 (i.e., \$1,373,667.00 per MGD).

For each Peak Season wholesale water supply sold to a City pursuant to this Subsection 6.5, Tacoma shall reduce the amount of the 4 MGD Wholesale Water Supply as shall thereafter be available for sale to a City pursuant to Subsection 6.1 by determining the average annual demand value (assigning zero (0) demand October through May) and the peak day demand for such sale, and subtracting such calculated average annual demand and such the peak day demand from the remaining available 4 MGD Wholesale Water Supply average annual and peak day capacities.

6.6 The City of Bonney Lake shall be deemed to have priority, as between and among the Cities, to purchase in accordance with this Section 6 up to, but not in excess of, a 0.7 MGD average annual and 2.0 MGD peak day supply, calculated as an equivalent average annual supply by assigning zero (0) demand October through May and a peak demand from June through

September of 2.0 MGD. Such priority shall take effect as of the Effective Date and shall end on the date that is the earlier of:

(a) the date on which Tacoma and the City of Bonney Lake shall have entered into a Wholesale Water Supply Agreement wherein the City of Bonney Lake has agreed to purchase any portion of the 4 MGD Wholesale Water Supply; or

(b) December 31, 2017.

7. Sale of 6 MGD Water Supply to Four Cities

7.1 If the 4 MGD Wholesale Water Supply made available to the Four Cities pursuant to Section 6 (Sale of 4 MGD Wholesale Water Supply to Four Cities) shall be fully subscribed and sold to the Four Cities, then in such event and upon the request of a City during the Conversion Period, Tacoma will sell, on a first come first served basis, to such City all or a portion of the 6 MGD Wholesale Water Supply (less any amount of such 6 MGD Wholesale Water Supply as may have previously been sold to a City in accordance with this Section 7 (Sale of 6 MGD Water Supply to Four Cities)). Tacoma will sell such wholesale water supply to such City on terms and conditions substantially in the form of the Wholesale Water Supply Agreement.

7.2 Pursuant to Subsection 9.6 of the 2005 Water Supply Agreement, a Capacity Reservation Fee for the 6 MGD Wholesale Water Supply has been paid by Cascade to Tacoma in the amount of \$9,420,442 (i.e., \$1,570,074.00 per MGD). Any sale to a City of all or a portion of the 6 MGD Wholesale Water Supply in accordance with this Section 7 (Sale of 6 MGD Water Supply to Four Cities) shall be deemed, as between Tacoma and Cascade, to effect an allocation of the Capacity Reservation Fee so paid by Cascade to a System Development Charge Credit. Such System Development Charge Credit shall be determined in an amount that is proportional to the capacity sold (e.g., if a City purchases 0.5 MGD of the 6 MGD Wholesale Water Supply for uniform daily delivery throughout the year, the System Development Charge Credit for such sale shall be \$785,037.00). Such System Development Charge Credit (as determined for each such sale) shall be applied to the System Development Charge otherwise due and payable by a City to Tacoma pursuant to a Wholesale Water Supply Agreement. The remaining balance of the System Development Charge due Tacoma from a City for the wholesale water supply shall be paid by the City to Tacoma pursuant to the terms and conditions of the Wholesale Water Supply Agreement.

7.3 Any sale of all or any portion of the 6 MGD Wholesale Water Supply to a City pursuant this Section 7 (Sale of 6 MGD Water Supply to Four Cities) shall be subject to the following requirements:

(a) any such offer shall include a Notice of Confirmation of System Development Charge Credit from Cascade;

(b) prior to submitting its offer to purchase, the City shall have obtained Tacoma's review and written approval, which approval shall not be unreasonably withheld or delayed, of the Wholesale Water Supply Agreement (including any proposed modifications thereof) pursuant to which such offer is to be made by the City to Tacoma;

(c) any such offer shall have been hand-delivered before the close of the Conversion Period to Tacoma, Attention: Water Superintendent, Tacoma Water, 3628 South 35th Street, Tacoma, WA 98409, and the City shall have obtained Tacoma's acknowledgment of the time and date of Tacoma's receipt of such offer; and

(d) any such offer shall have been submitted to Tacoma as duplicate executed originals of the Wholesale Water Supply Agreement, in strict conformity with the form of the Wholesale Water Supply Agreement approved by Tacoma in accordance with Subsection 7.3(b).

Tacoma may, in its sole discretion, reject any or all offers that do not fully comply with the requirements of this Subsection 7.3. Alternatively, Tacoma may, in its sole discretion, waive any and all defects in any offer and accept such offer on the terms and conditions submitted by a City.

7.4 Tacoma shall accept an offer from a City to purchase all or any portion of the 6 MGD Wholesale Water Supply that complies with the requirements of Subsection 7.3, subject to the following, as determined by Tacoma, in its sole discretion:

(a) the priority (determined by the date of receipt by Tacoma of fully compliant offers) of any other offer or offers submitted by a City that comply with the requirements of Subsection 7.3; and

(b) the availability (if any) of a portion of the 6 MGD Wholesale Water Supply for sale to a City, such available portion (if any) being net of any prior sales of the 6 MGD Wholesale Water Supply to a City.

7.5 A City may, in accordance with Subsection 7.3, purchase all or a portion of the 6 MGD Wholesale Water Supply pursuant to a Wholesale Water Supply Agreement as a Peak Season wholesale water supply; provided, however, that any such sale:

(a) is subject to any peak day delivery limitation as Tacoma shall apply to such sales, from time to time, in accordance with the Wholesale Water Regulations;

(b) shall be for a limited term of years, which term shall in no event extend beyond December 31, 2026; and

(c) is eligible for a prorated System Development Charge Credit of one-third (1/3) of the amount of the System Development Charge Credit otherwise available pursuant to Section 7.2 (i.e., \$523,358.00 per MGD).

For each Peak Season wholesale water supply sold to a City pursuant to this Subsection 7.5, Tacoma shall reduce the amount of the 6 MGD Wholesale Water Supply as shall thereafter be available for sale to a City pursuant to Subsection 7.1 by determining the average annual demand value (assigning zero (0) demand October through May) and the peak day demand for such sale, and subtracting such calculated average annual demand and such the peak day demand from the remaining available 6 MGD Wholesale Water Supply average annual and peak day capacities.

8. Sale of Residual Wholesale Water Supply to Four Cities

If and as requested by a City during the Extension Period, Tacoma will sell, on a first come first served basis, such City all or a portion of the Residual Wholesale Water Supply (less any amount of such Residual Wholesale Water Supply as may have previously been sold to a City in accordance with this Section 8 (Sale of Residual Wholesale Water Supply to Four Cities)). Tacoma will sell such wholesale water supply to such City on terms and conditions substantially in the form of the Wholesale Water Supply Agreement. Any such sale may occur subject to and in strict accordance with the requirements and procedures set forth in Subsections 7.3(b), (c) and (d), Subsection 7.4, and Subsections 7.5(a) and (b). In no event shall a City be entitled to:

(a) any System Development Charge Credit for any sale of the Residual Wholesale Water Supply made pursuant to this Section 8 (Sale of Residual Wholesale Water Supply to Four Cities), or.

(b) a Peak Season wholesale water supply from and after December 31, 2026 for any sale of the Residual Wholesale Water Supply made pursuant to this Section 8 (Sale of Residual Wholesale Water Supply to Four Cities).

10. Sale of 8 MGD Wholesale Water Supply

10.1 During the Term, Cascade may request that Tacoma supply Cascade all or a portion of the 8 MGD Wholesale Water Supply as a water supply available to Cascade to serve Cascade's members' retail customers or for another direct use by Cascade or its members. Such water supply may not be resold or wheeled by Cascade (or by any one or more of Cascade's Members) for use by an entity that is not a Member, without Tacoma's prior written consent.

10.2 The availability of the 8 MGD Wholesale Water Supply for sale by Tacoma to Cascade at any time, or from time to time, during the Term shall be determined by Tacoma in its sole discretion. If Tacoma shall determine that some or all of the 8 MGD Wholesale Water Supply is available for sale to Cascade, it may be sold, scheduled, priced and delivered to Cascade on such terms and conditions as may then be acceptable to the Parties; provided, however, that no Capacity Reservation Fee or System Development Charge shall apply. Without limiting the generality of the foregoing, any such sales shall be subject to the Wholesale Water Regulations (as applicable), the availability of resources, and the disruption, interruption, suspension and curtailment of the 8 MGD Wholesale Water Supply by Tacoma at any time.

10.3 Cascade shall, at its expense, be responsible for the design, engineering, permitting and construction of any and all infrastructure necessary to interconnect and take delivery of the 8 MGD Wholesale Water Supply (or any portion thereof). Any interconnection with Tacoma's system shall be subject to Tacoma's review, approval and such reasonable conditions and requirements as Tacoma may impose in order to provide and maintain the safe and efficient function, capacity, quality, integrity and reliability of its system. If the interconnection requires a regional interconnection between the Tacoma system and the Seattle system, then:

(a) Cascade shall be responsible for making any necessary wheeling arrangement with Seattle to deliver water through the Seattle system; and

(b) any such regional interconnection shall be provided on such terms and conditions as Tacoma and Seattle may determine to be necessary to provide and maintain the safe and efficient function, capacity, quality, integrity and reliability of the regional water supply system.

11. Planning and Coordination

The Parties will seek to coordinate regional supply, planning, scheduling and operational programs that promote efficient use of water supplies, facilities, finances and staff resources. Tacoma will include Cascade in its water service area in planning documents. Cascade covenants that it will perform no act under this Agreement in such manner that will adversely impact Tacoma's place of use or water rights associated with the water to be supplied to Cascade under this Agreement.

12. Mutual Release

Except and only as otherwise specifically provided by the Agreement, as of the Effective Date, each Party fully, unconditionally and irrevocably quits, releases, surrenders and discharges the other Party from any and all claims, liens, demands, actions, costs, losses, expenses, harm, damages and liability (including, but not limited to, attorneys' fees) of any kind or character now or hereafter asserted or arising directly or indirectly from, on account of, or in connection with the 2005 Water Supply Agreement.

13. Representations of the Parties

13.1 Each Party is duly authorized and validly existing under the laws of, and is authorized to exercise its powers, rights and privileges and is in good standing in the State of Washington, and has full power and authority to carry on its business as presently conducted and execute this Agreement and perform the transactions on its part as contemplated by this Agreement.

13.2 The execution, delivery and performance of this Agreement, and the consummation of the transactions contemplated hereby have been duly authorized by the appropriate board or council, and no other act or proceeding on the part of any Party is necessary to authorize this Agreement, or the transactions contemplated hereby.

13.3 The execution, delivery and performance by each of the Parties of this Agreement does not: (a) contravene Applicable Law; or (b) conflict with or result in a breach of or default under any material agreement or instrument to which any Party is a party or by which it is bound.

13.4 There are no actions, suits, claims or proceedings pending or, to the best of each Party's knowledge, threatened against either Party that is likely to impair the consummation or the transactions contemplated hereby.

14. Indemnities

14.1 Cascade shall defend, indemnify and hold each and all of the Tacoma Indemnitees harmless from and against any and all claims, liens, demands, actions, losses, damages, costs, expenses and liabilities (including attorneys' fees) (collectively, "Cascade Claims") arising from or in connection with:

This Subsection 14.1 shall not be interpreted or construed as a waiver of Cascade's right to assert such immunity, defense or protection directly against any of its own employees, or such employee's estate or other representatives. This Subsection 14.1 has been mutually negotiated by the Parties and shall survive the expiration or termination of this Agreement.

16.1 Any and all claims, controversies or disputes arising out of or relating to or in connection with this Agreement (a "Dispute") as between the Parties shall be resolved in accordance with the Dispute resolution procedures set forth in this Section 16 (Dispute Resolution).

16.2 The Parties shall inform one another promptly following the occurrence or discovery of any item or event that would reasonably be expected to result in a Dispute required to be resolved in accordance with this Dispute resolution procedure. The initial mechanism to resolve Disputes will involve negotiations between the Parties' representatives, so designated by the Parties by notice given pursuant to Section 19 (Notices).

16.3 If the Parties cannot resolve a Dispute satisfactorily within ten (10) days after receipt of the initial notice in accordance with Subsection 16.2, either Party may deliver to the other Party notice of the Dispute with a detailed description of the underlying circumstances of such Dispute. The Dispute notice shall include a schedule of the availability of the notifying Party's senior officers (having a title of Superintendent or Chief Executive Officer or higher) duly authorized to settle the Dispute during the thirty (30) day period following the delivery of the Dispute notice. The recipient Party shall, within three (3) business days following receipt of the Dispute notice, provide to the notifying Party a parallel schedule of availability of the recipient Party's senior officers duly authorized to settle the Dispute. respective senior officers' schedules of availability, the senior officers of the notifying Party and the recipient Party shall meet and confer as often as they deem reasonably necessary during the remainder of the thirty (30) day period in good faith negotiations to resolve the Dispute to the satisfaction of both Parties.

16.4 If at any time during the good-faith efforts to resolve any Dispute arising under this Agreement either of the Parties determines that such informal discussions will not result in a resolution of the issue(s) in Dispute, such Party may initiate the Dispute resolution process in accordance with Exhibit C (Dispute Resolution). Any such Dispute resolution process shall be conducted pursuant to the provisions of Exhibit C (Dispute Resolution).

16.5 Pending resolution of any Dispute, the Parties shall continue to fulfill their respective duties under this Agreement.

17. Default and Remedies

17.1 If a Party fails to perform its obligations hereunder, then it shall be in default hereunder unless the defaulting Party cures:

(a) a monetary event of default within thirty (30) days after receiving written notice from the other Party of such monetary default; and

(b) a non-monetary event of default within sixty (60) days after receiving a notice of default from the non-defaulting Party; provided, however, that if the nature or extent of the obligation or obligations is such that more than sixty (60) days are required, in the exercise of commercially reasonable diligence, to cure such non-monetary default, then the defaulting Party shall not be in default if it commences such performance within such sixty (60) day period and thereafter pursues the same to completion with commercially reasonable diligence.

17.2 Except as otherwise provided by Section 15 (Waiver of Consequential Damages) and subject to the procedures set forth in Section 16 (Dispute Resolution), if a Party is in breach or default of its obligations arising under this Agreement, the other Party shall have and shall be entitled to exercise any and all remedies available to it at law or in equity (including the right to specifically enforce this Agreement), all of which remedies shall be cumulative. If either Party elects to pursue singularly any remedy available to it under this Section 17 (Default and Remedies), then such Party may at any time thereafter continue to pursue or cease pursuing that remedy and simultaneously elect to pursue any other remedy available to it under this Section 17 (Default and Remedies).

18. Uncontrollable Forces

A Party shall not be in breach of this Agreement as a result of such Party's failure to perform its obligations under this Agreement, other than the obligation to pay the Restructuring Payment or any other money when due and owing, when such failure is due to an Uncontrollable Force, to the extent that such Party, despite the exercise of reasonable due diligence, is unable to remove such Uncontrollable Force. Any Party subject to an Uncontrollable Force that may impair its performance under this Agreement shall notify the other Party as soon as practicable.

Any Party subject to an Uncontrollable Force shall be excused from performance under this Agreement only for the duration of and to the extent of the Uncontrollable Force. Any Party subject to an Uncontrollable Force shall exercise reasonable due diligence to remove the Uncontrollable Force.

21. Miscellaneous

21.1 (a) This Agreement is a "Water Supply Asset" and an "asset" for purposes of Article 9 of the Joint Services Agreement, and as such, Cascade shall remain in existence until such time as all obligations under this Agreement have been fully and satisfactorily performed by Cascade. In the event a Member notifies Cascade of its intent to withdrawal from Cascade by delivering to Cascade a resolution of its legislative authority expressing such intent, Cascade shall determine pursuant to Section 9.2 of the Joint Services Agreement the amount of the withdrawing Member's allocable share of the Restructuring Payment. Following the determination of the amount of the withdrawing Member's allocable share of the Restructuring Payment, Cascade shall cause such amount to be paid in full to Cascade prior to allowing the Member to withdrawal from Cascade. Cascade shall thereafter remit the withdrawing Member's allocable share of the Restructuring Payment to Tacoma within 30 days of the Member's withdrawal from Cascade. Tacoma shall apply such amount so paid to Tacoma by Cascade to subsequent Annual Restructuring Payments as a prepayment made by Cascade in accordance with Subsection 9.2.

(b) If during the Term Cascade shall disincorporate pursuant to Section 9.3 of the Joint Services Agreement, Cascade's liabilities and obligations under this Agreement be shall be distributed to and binding upon its Members in accordance with said Section 9.3, which states in relevant part: "Cascade's liabilities (including Bonds and other contractual obligations) initially shall be distributed based on Members Demand Shares as of the time of the disincorporation." During the Term, Cascade shall not amend the Joint Services Agreement in any way so as to limit, impair, diminish, or materially change Tacoma's rights arising under this Agreement without Tacoma's prior written approval, which shall not be unreasonably withheld or delayed.

(c) Cascade's Board of Directors approved by Dual Majority Vote of all Members this Agreement pursuant to Section 4.3 of the Joint Services Agreement at an open public meeting on November 28, 2012, by Resolution No. 2012-20, and thereby makes this Agreement a binding contractual obligation of Cascade and its Members under the terms of the Joint Services Agreement.

21.2 The rights and obligations of the Parties arising under the Agreement may not be sold, assigned or otherwise transferred in whole or in part by a Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. Subject

to the foregoing, the Agreement shall be binding upon the Parties' respective successors and permitted assigns.

21.3 The Parties agree that in taking actions or making determinations required or provided for under this Agreement, each Party shall act in fairness and in good faith. The Parties will cooperate and use commercially reasonable efforts to facilitate the implementation of all aspects of this Agreement. During the Term, each Party, upon the request of the other Party, shall, without further consideration, execute, deliver and acknowledge all such further documents and do and perform all such other acts and things as either Party may reasonably request to effectively carry out the intent of this Agreement. The Superintendent of Tacoma Water and the Chief Executive Officer of Cascade may, at their discretion, execute implementation agreements regarding the implementation or administration of the Agreement in a manner that does not affect the substantive rights of the Parties under the Agreement.

21.4 A Party shall not have the right to offset any amounts owed to the other Party pursuant to this Agreement against any amounts due from the other Party pursuant to this Agreement, nor may a Party offset any amounts due to the other Party pursuant to this Agreement against any amounts owned to the other Party pursuant to this Agreement. A Party may not withhold any payment due the other Party by reason of a Dispute; such payment shall be paid "under protest" and any and all Disputes with respect to such payment shall be resolved pursuant to Section 16 (Dispute Resolution).

21.5 Any of the terms or conditions of this Agreement may be waived at any time and from time to time, in a signed writing, by the Party or Parties entitled to the benefit of such terms or conditions. Any waiver given by a Party shall be narrowly construed to specifically waive in time and subject only the express matter contained in such waiver. The failure of either Party to insist on or enforce strict performance of any provision of this Agreement or to exercise any right or remedy under this Agreement or Applicable Law will not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon any such provision, right or remedy in that or any other instance; rather, the same will be and remain in full force and effect. Tacoma's review, revision, approval of or comment upon any matter arising under this Agreement, or Tacoma's failure to review, revise, approve or comment upon any matter arising under this Agreement, shall not in any way (i) relieve or release Cascade from any of its obligations arising under this Agreement, or (ii) subject Tacoma to any liability with respect to such matter.

21.6 This Agreement shall be governed by and construed in accordance with the laws of the State of Washington (regardless of the laws that might otherwise govern under applicable principles of conflict of laws of such state). Except with respect to a lawsuit or judicial action or proceeding commenced by a third party in another jurisdiction and subject to Exhibit C (Dispute Resolution Procedures), the Parties will (i) agree that any lawsuit, judicial action or proceeding arising out of or relating to the Agreement must be heard in the Superior Court of the State of Washington, in and for the County of Pierce, or the United States District Court for the Western District of Washington in Tacoma; (ii) waive any objection to the laying of venue of any such suit, action or proceeding; and (iii) irrevocably submit to the jurisdiction of any such court in any such lawsuit, judicial action or proceeding.

21.7 Any provisions of this Agreement prohibited or rendered unenforceable by Applicable Law shall be ineffective only to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Agreement. In such event, the remainder of this Agreement will remain valid and enforceable. Upon such determination that any term or other provision is prohibited or rendered unenforceable, the Parties shall negotiate in good faith to modify this Agreement so as to affect the original intent of the Parties as closely as possible in an acceptable manner to the end that transactions contemplated under this Agreement are fulfilled to the greatest extent possible.

21.8 This Agreement may be amended only by an instrument in writing executed by the Parties that expressly refers to this Agreement and states that it is an amendment hereto. This Agreement constitutes the entire agreement between the Parties, and supersedes all other prior agreements and understandings, oral and written, between the Parties, with respect to the subject matter hereof. No amendment, modification or waiver of any provision of this Agreement will be valid unless set forth in a written instrument signed by both Parties. If a Party becomes aware of a conflict between this Agreement and any other agreement in place between such Party or its Affiliates and another Person, it will promptly notify such other Party, and the Parties will work in good faith to resolve the conflict.

21.9 Nothing contained in this Agreement shall be deemed or construed by the Parties, or by any third party, as creating the relationship of principal and agent, or of partnership or of joint venture between the Parties. Neither Party shall enter into any contract, agreement or other commitment, or incur any obligation or liability, in the name of or otherwise on behalf of the other Party. This Agreement shall create no rights, benefits, or obligations in, to or from any Persons other than Tacoma and Cascade.

21.10 Sections 9.4, 12, 14, 15, 16, 20, 21.1 and 21.6 and all other terms and conditions of this Agreement that must be reasonably construed to survive the expiration or termination of this Agreement in order to give full force and effect to the intent of the Parties as set forth herein shall survive the expiration or termination of this Agreement, regardless of whether such survival is expressly specified herein.

21.11 This Agreement may be executed in several counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

21.12 This Agreement has been negotiated on an arm's-length basis by the Parties and their respective counsel and shall be interpreted fairly in accordance with its terms and without any strict construction in favor of or against either Party.

The initial mechanism to resolve Disputes will involve negotiations between the Parties' representatives, so designated by the Parties by notice given pursuant to Section 21.

15.3 If the Parties cannot resolve a Dispute satisfactorily within ten (10) days after receipt of the initial notice in accordance with Section 15.2, either Party may deliver to the other Party notice of the Dispute with a detailed description of the underlying circumstances of such Dispute. 15.5 Pending resolution of any Dispute, the Parties shall continue to fulfill their respective duties under this Agreement.

16. DEFAULT AND REMEDIES

16.2 Except as otherwise provided by Section 12.3 and subject to the procedures set forth in Section 15, if a Party is in breach or default of its obligations arising under this Agreement, the other Party shall have and shall be entitled to exercise any and all remedies available to it at law or in equity (including the right to specifically enforce this Agreement), all of which remedies shall be cumulative. If either Party elects to pursue singularly any remedy available to it under this Section 16, then such Party may at any time thereafter continue to pursue or cease pursuing that remedy and simultaneously elect to pursue any other remedy available to it under this Section 16.

(*Note: See "Term" limitations referenced in 4.2 for certain Peak Season only sales*).

22. MISCELLANEOUS

22.1 The rights and obligations of the Parties arising under this Agreement may not be sold, assigned or otherwise transferred in whole or in part by a Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed. Subject to the foregoing, this Agreement shall be binding upon the Parties' respective successors and permitted assigns.

22.2 The Parties agree that in taking actions or making determinations required or provided for under this Agreement, each Party shall act in fairness and in good faith. The Parties will cooperate and use commercially reasonable efforts to facilitate the

implementation of all aspects of this Agreement. During the Term, each Party, upon the request of the other Party, shall, without further consideration, execute, deliver and acknowledge all such further documents and do and perform all such other acts and things as either Party may reasonably request to effectively carry out the intent of this Agreement.

22.3 A Party shall not have the right to offset any amounts owed to the other Party pursuant to this Agreement against any amounts due from the other Party pursuant to this Agreement, nor may a Party offset any amounts due to the other Party pursuant to this Agreement against any amounts owed by the other Party pursuant to this Agreement. A Party may not withhold any payment due the other Party by reason of a Dispute; such payment shall be paid "under protest" and any and all Disputes with respect to such payment shall be resolved pursuant to Section 15.

22.4 Any of the terms or conditions of this Agreement may be waived at any time and from time to time, in a signed writing, by the Party or Parties entitled to the benefit of such terms or conditions. Any waiver given by a Party shall be narrowly construed to specifically waive, in time and subject, only the express matter contained in such waiver. The failure of either Party to insist on or enforce strict performance of any provision of this Agreement or to exercise any right or remedy under this Agreement or Applicable Law will not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon any such provision, right or remedy in that or any other instance; rather, the same will be and remain in full force and effect. Tacoma's review, revision or approval of or comment upon any matter arising under this Agreement, or Tacoma's failure to review, revise, approve or comment upon any matter arising under this Agreement, shall not in any way (i) relieve or release City from any of its obligations arising under this Agreement, or (ii) subject Tacoma to any liability with respect to such matter.

22.5 This Agreement shall be governed by and construed in accordance with the laws of the State of Washington (regardless of the laws that might otherwise govern under applicable principles of conflict of laws of such state). Except with respect to a lawsuit or judicial action or proceeding commenced by a third party in another jurisdiction and subject to Exhibit B, the Parties will (i) agree that any lawsuit, judicial action or proceeding arising out of or relating to this Agreement must be heard in the Superior Court of the State of Washington, in and for the County of Pierce, or the United States District Court for the Western District of Washington in Tacoma; (ii) waive any objection to the laying of venue of any such suit, action or proceeding; and (iii) irrevocably submit to the jurisdiction of any such court in any such lawsuit, judicial action or proceeding.

22.6 Terms defined in a given number, tense, or form shall have the corresponding meaning when used in this Agreement with initial capitals in another number, tense, or form. References containing terms such as "hereof," "herein," "hereto," "hereinafter" and other terms of like import are not limited in applicability to the specific provision within which such references are set forth but instead refer to this Agreement taken as a whole. "Includes" or "including" shall not be deemed limited by the specific enumeration of items, but shall be deemed without limitation. The term "or" is not exclusive. The headings contained in this Agreement are included solely for the convenience of the Parties. Accounting terms used but

not defined herein have the meanings given to them under generally accepted accounting principles in the United States consistently applied throughout the specified period and in the immediately prior comparable period.

22.7 Any provisions of this Agreement prohibited or rendered unenforceable by Applicable Law shall be ineffective only to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Agreement. In such event, the remainder of this Agreement will remain valid and enforceable. Upon such determination that any term or other provision is prohibited or rendered unenforceable, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that transactions contemplated under this Agreement are fulfilled to the greatest extent possible.

22.8 This Agreement may be amended only by an instrument in writing executed by the Parties that expressly refers to this Agreement and states that it is an amendment hereto. This Agreement constitutes the entire agreement between the Parties and supersedes all other prior agreements and understandings, oral and written, between the Parties, with respect to the subject matter hereof. No amendment, modification or waiver of any provision of this Agreement will be valid unless set forth in a written instrument signed by both Parties. If a Party becomes aware of a conflict between this Agreement and any other agreement in place between such Party or its Affiliates and another Person, it will promptly notify such other Party, and the Parties will work in good faith to resolve the conflict.

22.9 Nothing contained in this Agreement shall be deemed or construed by the Parties, or by any third party, as creating the relationship of principal and agent, or of partnership or of joint venture, between the Parties. Neither Party shall enter into any contract, agreement or other commitment, or incur any obligation or liability, in the name of or otherwise on behalf of the other Party. This Agreement shall create no rights, responsibilities and/or obligations in, to or from any Persons other than Tacoma and City.

22.10 Sections _____ and all other terms and conditions of this Agreement that must be reasonably construed to survive the expiration or termination of this Agreement in order to give full force and effect to the intent of the Parties as set forth herein shall survive the expiration or termination of this Agreement, regardless of whether such survival is expressly specified herein.

22.11 This Agreement may be executed in several counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

22.12 This Agreement has been negotiated on an arm's-length basis by the Parties and their respective counsel and shall be interpreted fairly in accordance with its terms and without any strict construction in favor of or against either Party.

IN WITNESS WHEREOF, the Parties have duly executed this Agreement as of the Effective Date.

Dispute Resolution Procedures

The following procedures shall govern the resolution of any dispute arising under the Wholesale Water Supply Agreement dated _____ (the "Agreement") between the Parties that cannot be resolved by good-faith negotiations between the Parties, unless the Parties mutually agree to use different procedures to resolve a specific dispute by executing a document setting forth such different procedures. The Parties agree that these dispute resolution procedures are intended to be used in conjunction with and governed by Chapter 4.48 RCW, and both Parties hereby waive their right to a trial by jury for any dispute arising under the Agreement.

1. The Party that believes that continued good-faith negotiations will not produce a resolution of the issue or issues that are the subject of such negotiations will notify the other Party in writing that it is invoking the dispute resolution procedures of this Exhibit B.
2. Within twenty (20) days of the date of such notice invoking the dispute resolution procedures of this Exhibit B, the Parties shall meet and select an individual to recommend to the court as referee of the dispute resolution process in accordance with RCW 4.48.020. The Parties shall select an individual who is qualified as a juror as provided by statute, is competent as a juror between the Parties, is a duly admitted and practicing attorney, and has experience presiding over civil litigation of contract disputes. The Parties will use the following procedure to select the recommended referee:
 - 2.1 Each Party will make a list of three individuals that are qualified pursuant to Paragraph 2 to serve as referee and exchange such list with the other Party. If the Parties agree upon a person from either list, or if both Parties list the same person, that person will be the recommended referee.
 - 2.2 If the Parties are unable to agree upon a referee after exchanging their respective lists, they will make a joint list setting forth all six candidates from the two lists.
3. Upon the selection of the recommended referee, or the creation of the joint list pursuant to Subparagraph 2.2 of this Exhibit B, the Party that invoked the dispute resolution procedures shall file a complaint, in the superior court of the appropriate county as set forth in Section 22.5 of the Agreement, setting forth the issue or issues in dispute, and the other Party shall file an answer to such complaint. Not later than twenty (20) days after the filing of the answer, the Parties shall jointly file a motion, with the Agreement (including this Exhibit B) attached, with the court requesting an order of reference that:

- 3.1 Directs that the issue or issues raised by the complaint and answer be resolved pursuant to Chapter 4.48 RCW by reference to a referee;
 - 3.2 Appoints, pursuant to RCW 4.48.020, either the recommended referee selected by the Parties pursuant to Subparagraph 2.1 of this Exhibit B, or a single referee from the joint list prepared pursuant to Subparagraph 2.2 of this Exhibit B; and
 - 3.3 Directs the referee to conduct the proceeding in accordance with the procedures set out in Paragraphs 4-10 of this Exhibit B.
4. In accordance with RCW 4.48.060, the Parties hereby waive their rights to discovery and cross-examination, and direct that the proceeding be conducted in the same manner as a motion for summary judgment as follows:
 - 4.1 The Parties shall present their respective positions by written briefs and affidavits, and without testimonial evidence or cross-examination;
 - 4.2 Oral argument will be conducted before the referee; and
 - 4.3 The burdens of proof and persuasion that pertain in a civil trial shall apply, rather than those that apply to motions for summary judgment.
5. After appointment of the referee, the Parties shall endeavor in good faith to prepare for the referee a joint statement of facts and the questions to be decided in the proceeding. In the absence of an agreed-to joint statement of facts and questions to be decided, each Party may include its own statement of facts and questions to be decided in its initial brief.
6. Within ninety (90) days after the submission of the joint statement of facts and questions to be decided, or within ninety (90) days after the appointment of the referee if the Parties cannot agree to a joint submission of facts and questions to be decided, each Party shall submit to the referee a one-page statement of the proposed resolution and/or award it seeks for each issue in dispute, and its initial brief. The statement and initial brief (excluding any attached affidavits or evidentiary documents) shall not exceed fifty (50) 8½" x 11" double-spaced pages with 1½-inch margins and 12-point typeface. The statement and initial brief shall be filed simultaneously by e-mail and regular mail with the referee and opposing Party.
7. Within thirty (30) days after the date the Parties filed their initial briefs, the Parties shall file their respective reply briefs with the referee and the opposing Party. The reply briefs (excluding any attached affidavits or evidentiary documents) shall not exceed twenty-five (25) 8½" x 11" double-spaced pages with 1½-inch margins and 12-point typeface. The reply briefs shall be filed simultaneously by e-mail and regular mail with the referee and opposing Party.

8. After the reply briefs have been filed, if the referee deems that additional responses are needed, then the referee may request that the Parties file a supplemental brief only as to those specific matters or questions raised by the referee. Such supplemental briefs shall be limited to fifteen (15) 8½" x 11" double-spaced pages with 1½-inch margins and 12-point typeface, and shall be filed at such time requested by the referee. Any such supplemental briefs shall be filed simultaneously by e-mail and regular mail upon the referee and opposing Party.
9. When all briefs have been filed, the referee will schedule oral argument on the issue or issues in dispute.
10. After the completion of oral argument, the referee will prepare his or her proposed report in accordance with RCW 4.48.70 and shall provide a copy of the proposed report to the Parties, who shall have the right to suggest changes and modifications to the proposed report, all in accordance with RCW 4.48.110. The referee will file the final report with the court within twenty (20) days of the completion of the process under RCW 4.48.110.
11. Either Party may move the court to modify or set aside, in whole or in part, the final report of the referee. If the court modifies or sets aside, in whole or in part, the final report of the referee and makes another reference, then this Exhibit B shall also apply to such reference.
12. Each Party shall be responsible for its own costs of the dispute resolution process (including any judicial proceedings), and the Parties shall each pay one-half of the other costs of the dispute resolution proceeding, including the fees of the referee. The fees of the referee shall be established in accordance with RCW 4.48.100.

Re: Substitute Wholesale Water Supply Availability – Time is of the Essence

Dear Mayors:

The Cascade Water Alliance is pleased to announce, in cooperation with Tacoma Water, the availability of a substitute wholesale water supply (“Substitute Supply”) and to provide this notice of a limited period of time for your Cities to take action on this unique opportunity. Cascade and Tacoma have entered into a Restated and Amended Agreement for the Sale of Wholesale Water, which replaces the 2005 agreement between the parties for purchase and sale of wholesale water. The 2005 agreement is included as one of the “water supply assistance” measures in the 2010 Lake Tapps Area Water Resources Agreement between Cascade and your cities (the “Four Cities Agreement”).

In the Restated and Amended Agreement, Cascade has agreed to relinquish its right to take delivery of the Substitute Supply. This water is now available to the Cities to purchase directly from Tacoma as a wholesale customer. Cascade has, however, previously paid capacity charges for this wholesale water supply. If your City now desires to purchase the Substitute Supply directly from Tacoma and takes action described in this letter, Cascade is willing to sell your City a credit (reflecting the amounts that Cascade has previously paid to Tacoma) that can be applied against System Development Charges that would otherwise be due to Tacoma (“SDC Credit”). The amount and availability of any SDC Credit will be determined by Cascade in accordance with the terms set forth in the Confirmation Notice that is attached to this letter. You must act promptly, however, in order to secure the opportunity to obtain an SDC Credit from Cascade.

This letter provides Cascade's formal notice of the limited window of time for your City to act, the Confirmation Notice that you must return to Cascade to apply for a SDC Credit, and general guidance as to how Cascade and Tacoma intend to cooperate to facilitate the implementation of the Restated and Amended Agreement.

Limited Time to Act.

You must act within 120 days of the date this letter to confirm your interest in this opportunity by delivering a signed "Confirmation Notice" to Cascade in the form attached to this letter. This opportunity expires on _____, 2013. During this 120-day period, the quantity allocation

among and between the Four Cities as stated in the Four Cities letter to Cascade, dated February 5, 2010, shall be recognized by Cascade and shall determine the maximum allocation of the Substitute Supply (and the Residual Wholesale Water Supply) among the Cities (unless the Four Cities jointly agree to reallocation in accordance with the Four Cities Agreement). A City has until this deadline, _____, 2013, to deliver an executed Confirmation Notice to Cascade. If you select this opportunity by acting within the 120 days, then you have until March 1, 2018 to purchase (or agree to purchase) an SDC Credit from Cascade. (In anticipation of the required steps with Tacoma described below, it is advisable for your City to complete the SDC purchase agreement with Cascade in advance of March 2018 to allow your City adequate time for the Tacoma steps.) If you select this opportunity by acting within the 120 days, then you will also have until March 1, 2018 to submit a Wholesale Water Agreement with Tacoma that is eligible for the SDC Credit.

If you do not confirm your selection by delivering a Confirmation Notice to Cascade by the deadline, then you decline the Substitute Supply opportunity stated in this letter. In that event, you will still be able to purchase wholesale water supply (if any water supply capacity remains available) from Tacoma on terms consistent with Section 3(a) of the Four Cities Agreement. However, you will not be eligible for an SDC Credit.

Next Steps with Cascade

If you deliver the Confirmation Notice within the 120-day deadline stated above and select this Substitute Supply opportunity, then you will need to complete the following steps with Cascade.

- (a) Confirmation to Cascade that your city will proceed with the Substitute Supply opportunity stated herein, and that it fully substitutes for section 3(a) of the Four Cities Agreement which will have no further force or effect.
- (b) Agree with Cascade for payment terms to Cascade for the SDC credit.
- (c) Upon completion of the items in (a) and (b) above, Cascade will send Notice of Confirmation of System Development Charge Credit to Tacoma.

Next Steps with Tacoma Water

If you deliver the Confirmation Notice to Cascade within the deadline stated above and select this opportunity, then you would also need to complete the following steps with Tacoma in order to submit a timely offer to purchase all or a portion of the Substitute Supply. The procedures and requirements that must be followed to submit such an offer are set forth in Section 6 and Section 7 of the Restated and Amended Agreement (attached for reference). It is important to read these procedures and requirements carefully as any offer you make must be in strict compliance with these procedures and requirements. These procedures and requirements are briefly summarized as follows:

(a) In order to obtain a SDC Credit, Tacoma must be in receipt of a Notice of Confirmation of System Development Charge Credit from Cascade.

(b) Prior to submitting your offer to purchase to Tacoma, you must obtain Tacoma's written review and approval of the Wholesale Water Supply Agreement (including any proposed modifications thereof) pursuant to which such offer is to be made to Tacoma.

(c) Your offer to Tacoma must be submitted in the form of duplicate executed originals of the Wholesale Water Supply Agreement, in strict conformity with the form of the Wholesale Water Supply Agreement approved by Tacoma.

(d) No later than March 1, 2018, you must deliver your offer to Tacoma, Attention: Water Superintendent, Tacoma Water, 3628 South 35th Street, Tacoma, WA 98409, and obtain Tacoma's acknowledgment of the time and date of Tacoma's receipt of such offer.

Clarifications

While we are pleased to present this opportunity to your City, we want to avoid any confusion as to what this opportunity is and is not. For avoidance of doubt, this letter does not constitute a modification or waiver of any of the procedures or requirements set forth in the Restated and Amended Agreement. This letter does not constitute an offer by Tacoma to sell a wholesale water supply to any person or entity. Any such sale by Tacoma is subject to and contingent upon the negotiation, execution and delivery of a mutually acceptable Wholesale Water Supply Agreement.

Conclusion

Cascade and Tacoma are pleased to provide the availability of Substitute Supply, and look forward to receiving your offer to purchase, should you desire to do so, in accordance with the guidelines set forth above. We will be contacting your office within the next week to schedule a meeting to present and discuss this opportunity.

Sincerely,

Chuck Clarke
