

RFQ ADDENDUM #1
 Date of Addendum: October 12, 2023

NOTICE TO FIRMS

The Request for Qualifications for Dam Engineering/Hydrology/Geotechnical Services is modified as set forth in this Addendum. The original Request for Qualifications and any previously issued addenda remain in full force and effect, except as modified by this Addendum, which is hereby made part of the Request for Qualifications. Consultant shall take this Addendum into consideration when preparing and submitting its Statement of Qualifications, and shall acknowledge receipt of this Addendum in its cover letter.

SUBMITTAL DEADLINE FOR STATEMENTS OF QUALIFICATIONS

The submittal deadline for Statements of Qualifications remains the same and is not changed by this Addendum.

1.0 – REQUEST FOR QUALIFICATIONS

Item	Section No.	Description of Change
		No changes to the RFQ with this Addendum.

2.0 – INFORMATION AND CLARIFICATIONS

The following is provided as a matter of information and clarification only. To the extent that changes to the Request for Qualifications are required based on the following, the Request for Qualifications have been modified as noted above in this Addendum.

Item	Section No.	Questions and Answers
2.1	I.A.	<p><u>Question:</u> What instrumentation (other than piezometers and weirs) does Cascade Water Alliance have in its instrumentation & monitoring program? Are any of these instruments connected to a remote monitoring system, or is the data accessed manually?</p> <p><u>Answer:</u> Cascade’s instrumentation relevant to the RFQ is generally limited to manually read weirs and piezometers.</p>

2.2	III.F.	<p><u>Question:</u> Is the estimated budget for 2024-2027 specific to engineering support?</p> <p><u>Answer:</u> The budget estimate is for all services outlined in the scope of the RFQ for a contract duration of three years. Please see Section I.C., "Scope of Work."</p>
