

Recent Cascade and Member Efforts

Capital Improvement Projects

- Seismic strengthening of various assets

Seismic Studies

- Bellevue Utilities – 2019
- Sammamish Plateau Water - 2017 and 2014
- Cascade Water Alliance – 2018 Dikes Study

Emergency Preparedness

- Storage containers for emergency supplies
- Storage materials by the dikes
- Work with emergency responders

Future Action and Potential Action Items

- Seismic studies - complete existing and develop new ones
- Purchase and stockpile pipes for the Tolt Eastside Supply Line and the Cedar Eastside Supply Line
- Research portable mobile treatment units
- Explore feasibility of a notification system in case of dike failure
